# **PRIMARY SKILLS**

- Design Thinking
- Design Principles
- Problem Solving
- Product Design
- Interaction Design
- Heuristic Evaluation
- Usability Testing
- Creative Strategist
- Branding (Identity)

# **SECONDARY SKILLS**

HTML 5

Bootstrap

Passionate designer with 12 years of experience.

A specialist in ideas & minimalist in design. Originally from Dharwad, I did my undergraduate studies in Bachelor of Visual Art, Davangere. Experienced in UX/UI Design, I love designing functional user experiences that are simple yet elegant.

# **Core Competencies**

- → Designed user-centric applications for Android, iOS, and iPad platforms, delivering seamless and consistent experiences across devices.
- → Skilled in UI/UX design for websites and web applications, including wireframing, prototyping, and visual design.
- → Experienced in branding for both internal products and client-facing platforms, focusing on consistency and visual identity across mobile and web applications.

## **Key Responsibilities & Expertise**

- → Created wireframes, mockups, high-fidelity prototypes, and design assets with attention to detail in iconography, illustration, typography, color, space, and texture.
- → Developed information architecture, user flows, task flows, and site maps to translate concepts into intuitive and effective design solutions.
- → Defined and executed experience design strategies aligned with product goals and user needs.
- → Conducted user research and translated insights into wireframes, sketches, prototypes, and polished UI designs.
- → Transformed complex business and user requirements into functional, user-friendly interfaces.
- → Contributed to customer experience strategies and digital transformation initiatives across multiple industries.
- → Presented and justified design decisions based on usability principles, user feedback, and visual design best practices (e.g., color theory, layout balance, visual hierarchy).
- → Delivered responsive designs, wireframes, user journeys, and mockups optimized for a wide range of devices and platforms.

### **Tools & Technologies:**

- → Proficient in: Figma, Sketch, Adobe XD, Photoshop, Illustrator, Framer, Microsoft Office, PowerPoint
- → Al Tools: Adapted to using Al tools for design ideation, content support, and creative enhancement.
- → Platforms: Experienced on both Windows and macOS operating systems
